# Personal information

## Who am I ?

*"My name is Nattanan BOONJAROEN,  
I live in Paris.*

*I'm a graphic designer.*

*I work on Adobe Photoshop, Adobe Illustrator,  
Adobe After Effects, Adobe Premiere Pro, Adobe Indesign  
and Adobe XD*

*In addition, I can also design web sites with the help of  
HTML, CSS and Wordpress."*

## Contact Me

# Web

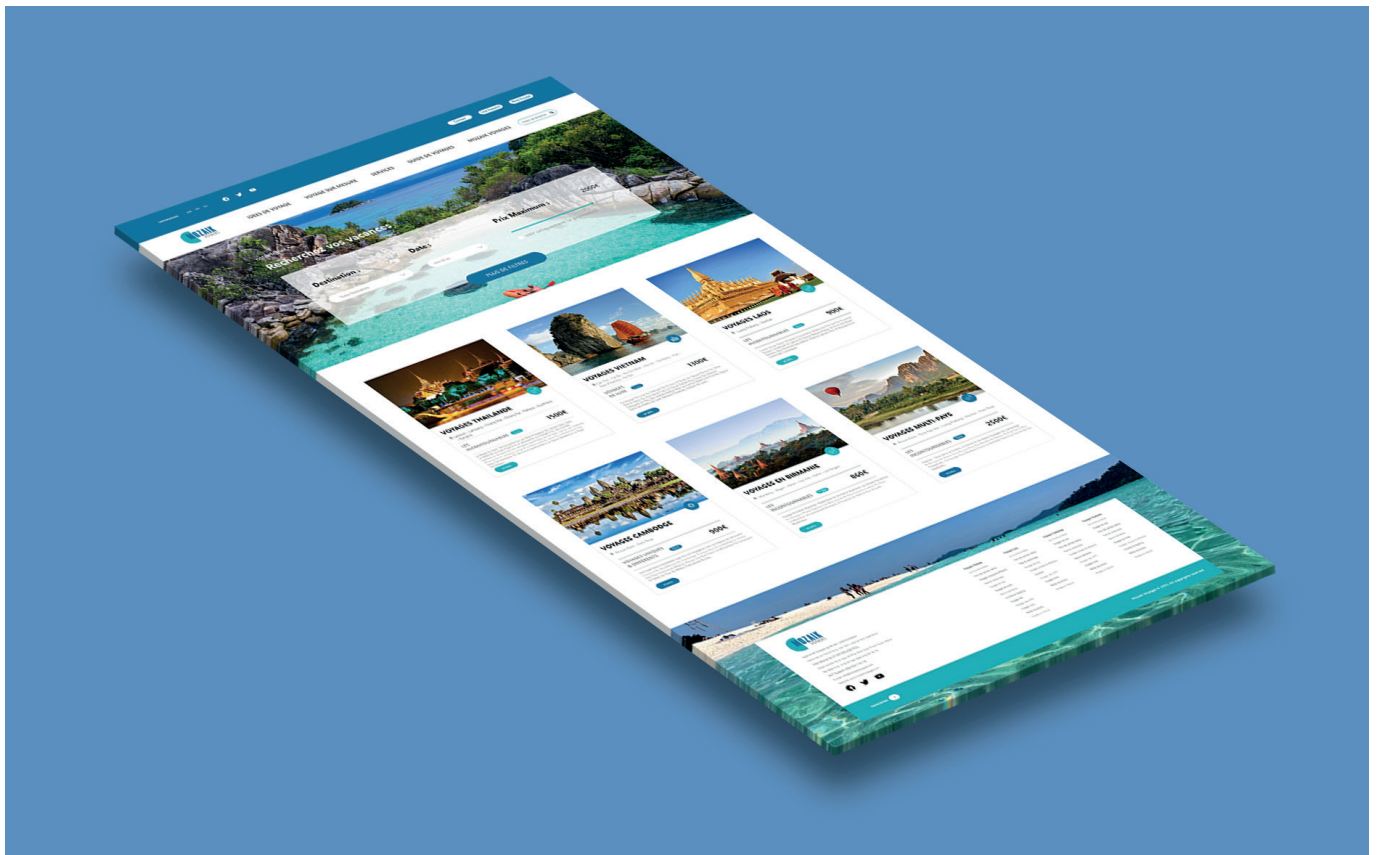

Most of the website layout is created by the Adobe XD program and can be developed with html, css or wordpress.

## Red Cross

The project of Design

A website I worked on in the adobe XD class. It's a site for the French Red Cross.

## Mozaik Voyages

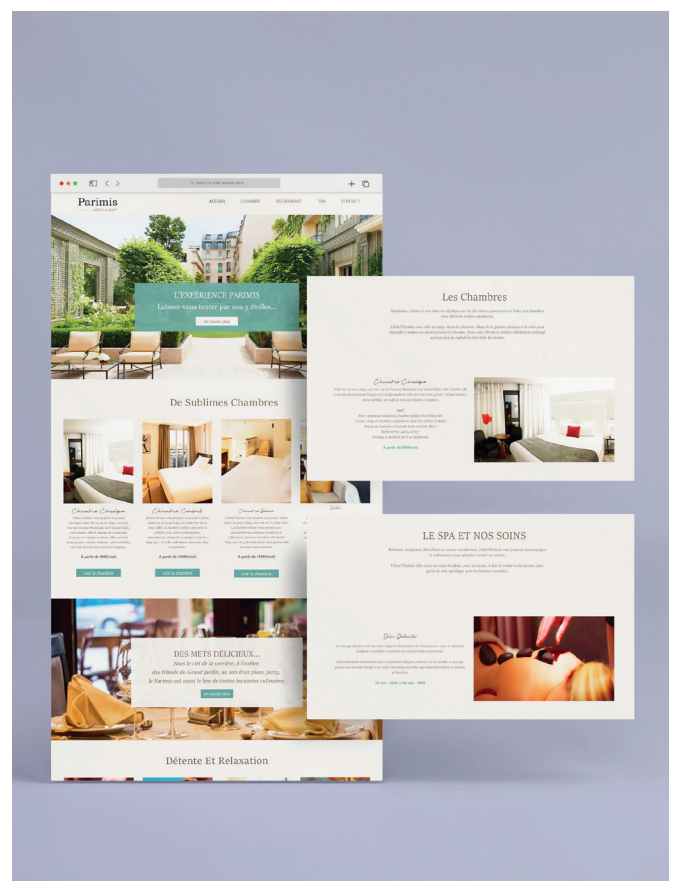

The project of Design School.

A website I worked on in the Adobe XD classroom.  
It's an online travel website.

## Parimis Hotel and Spa

The project of Design School.

A website where I worked in HTML and CSS class.  
Here is the page layout.

# Packaging

I used two programs for my packing design,  
Adobe Indesign and Adobe Illustrator.

**SoThat**  
**GOUT EXOTIQUE**

**SoThat**

The project of Design School.

Those soda cans I made with that exotic  
fruit concept.

## Smooth Coffee

Personal project

This box of coffee capsules. It is designed using a minimalist white style for a contemporary look.

## C'jaune

The project of Design School.

The bag of spicy chips I used orange and black in the design to give it a spicy sensation.

# Posters

I mainly use the Adobe Photoshop program to create posters using photo retouching techniques.

## Apocalypse

Personal project

I made this film poster using the technique of retouching. I used 5 to 7 photos for retouching. For example, images of broken cars, images of cities and images of waves.

## Mauna kea

Personal Project

I made this thunderstorm tea poster using the technique of retouching. I used 5 to 7 photos for retouching. For example, images of oranges, images of teapot and images of pieces of chocolate.

## Anyone can fly

Personal Project

I made this Air Asia ad poster using the retouch technique.

# Brochures

I used many programs to create brochures based on the event.

## JOSH for wedding

Project for JOSH

I used Adobe Indesign to design this brochure, the theme used is '70s'.

## The Signature

Personal Project

I used Adobe Illustrator to design this brochure. It is intended to advertise a development with a luxurious and modern design.

## Chez Ning

Project for Chez Ning

This brochure in A5 format was designed using Adobe Photoshop using red as the main color.

# Magazines and book

Most of the magazines and books I've created use Adobe Indesign, sometimes Adobe Photoshop to design the cover.

## Décoration Catalogue

The project of Design School.

I designed this catalog in accordance with the style of the furniture: minimal style.

## Book covers

The project of Design School.

Design of a book cover adapted to the type of book.

# Branding

In terms of branding, I use Adobe Illustrator and Adobe Photoshop to create my work.

## Ice Dream

The project of Design School

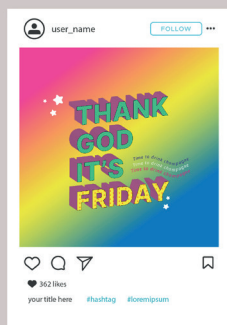

An ice shop ad or I use pastel colors to complete the design so that it is as soft as ice cream.

## Dior Happy new year

The project of Design School.

Dior brand new year greeting card. I created it based on the 2021 spring-summer collection.

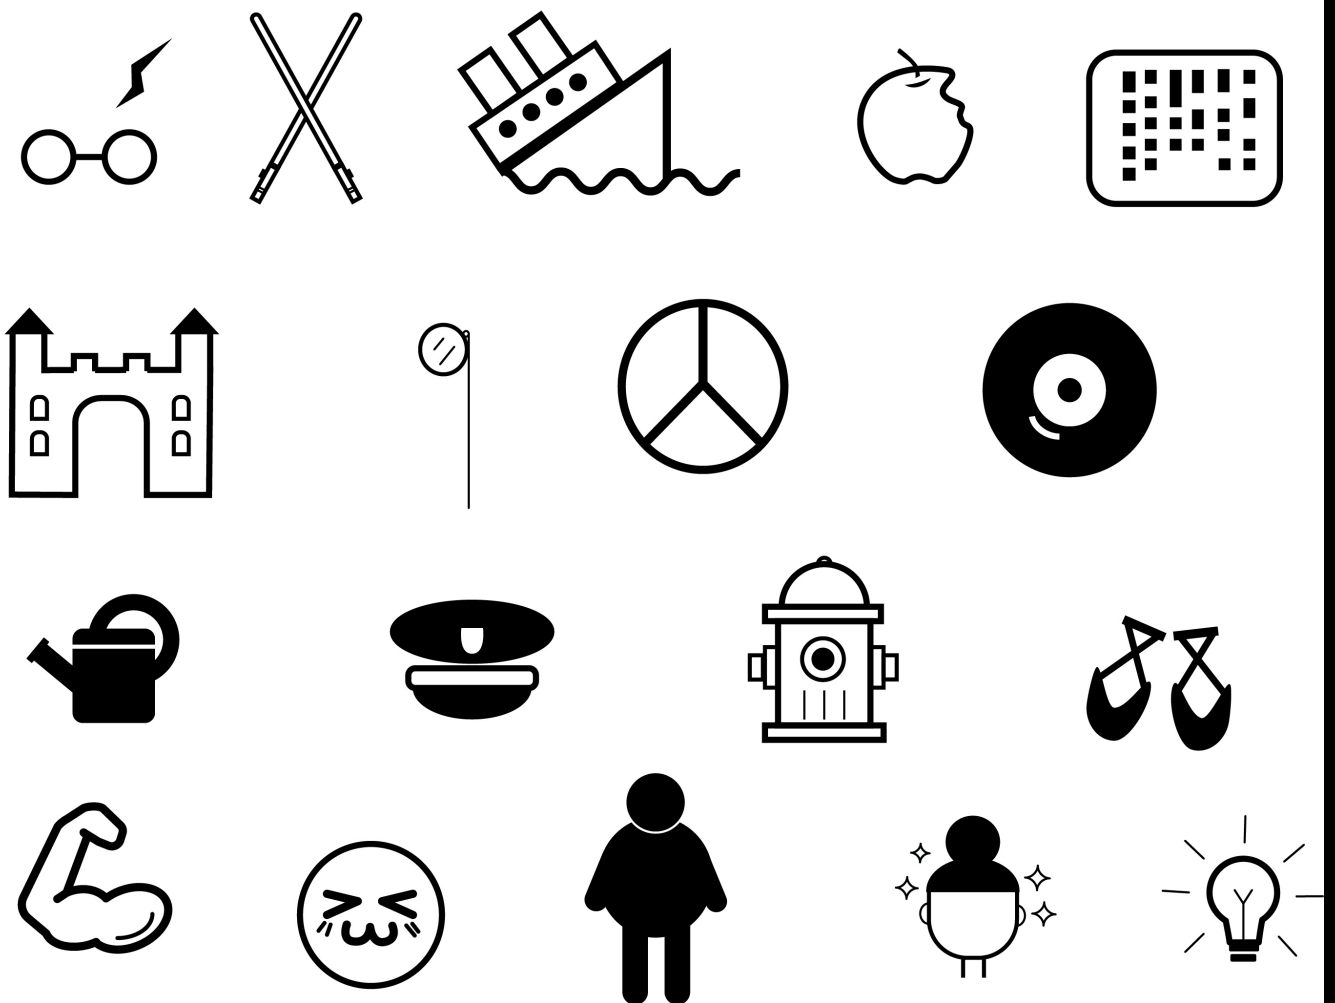

## TGIF

The project of Design School.

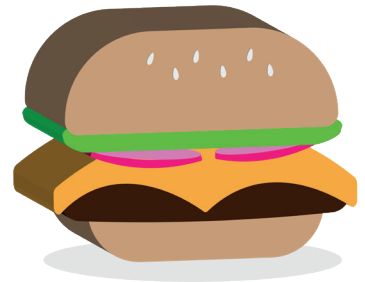

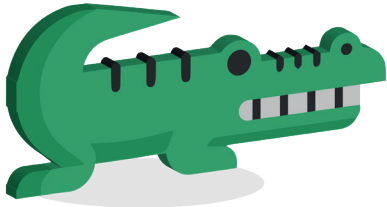

The Instagram banner I created with Adobe Illustrator in the concept "colorful and fun".

# Icons

I worked a lot on islands during my internship.  
There are 2D islands and 3D islands.  
I used the Adobe Illustrator program to create them.

2D icons

**3D icons**

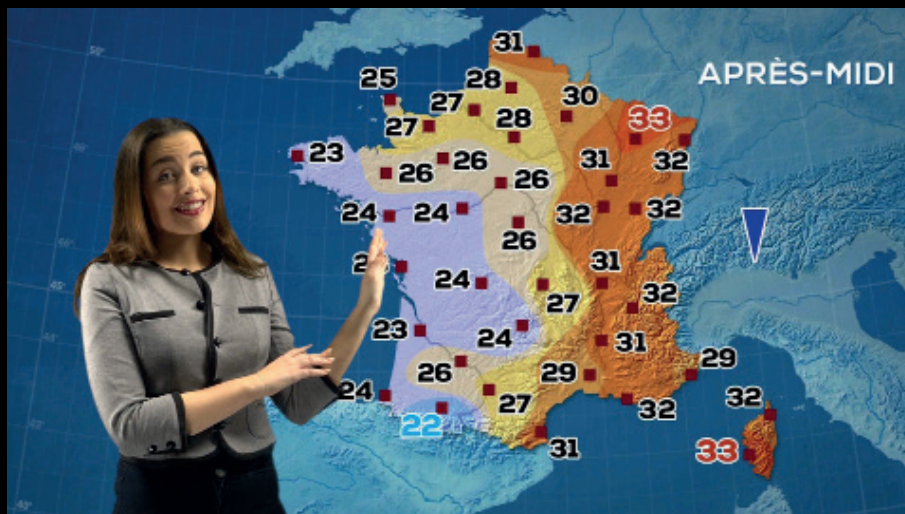

# Videos

## Macdonald burger

The project of Design School.

The video in which I used Adobe Premiere pro that features Macdonald burgers

## La météo

The project of Design School.

The video in which I used Adobe Premiere pro to work on the green screen that presents the weather.
